JOURNAL OF OPERATIONS MANAGEMENT

Cumulative contents of Volume 16

Volume 16, No. 1, January 1998

1 Alternative methods of learning and process improvement in manufacturing
D.M. Upton and B. Kim
21 Developing measures of time-based manufacturing
X.A. Koufteros, M.A. Vonderembse and W.J. Doll

Technical notes
43 Analysis of the characteristics of projects in diverse industries
O. Icmeli Tukel and W.O. Rom
63 The effect of workload control (WLC) on performance in make-to-order companies
L.C. Hendry, B.G. Kingsman and P. Cheung

Discipline notes
77 A comparison of the 'American System of Manufactures' circa 1850 with Just in Time methods
J.M. Wilson
91 A review and classification of empirical research in operations management
G.D. Scudder and C.A. Hill

Tutorial
103 A tutorial on implementing concurrent engineering in new product development programs
M.L. Swink

117 Editorial philosophy
119 Guide for authors

Volume 16, Nos. 2, 3, May 1998

123 Editorial
127 Introduction
133 An empirical test of the rigid flexibility model
R.S. Collins, C. Cordon and D. Julien
147 Differences in manufacturing strategy decisions between Japanese and Western manufacturing plants: the role of strategic time orientation
C. Voss and K. Blackmon
159 An empirical investigation of the antecedents and consequences of manufacturing goal achievement in North American, European and Pan Pacific firms
R. Narasimhan and J. Jayaram

Elsevier Science B.V.

177 An international comparison of environmental management in operations: the impact of manufacturing flexibility in the U.S. and Germany
R.D. Klassen and L.C. Angell
195 International manufacturing networks—to develop global competitive capabilities
Y. Shi and M. Gregory
215 The internationalization process model through the lens of the global color picture tube industry
A. Khurana and B. Talbot
241 Stages of global sourcing strategy evolution: an exploratory study
C. Bozarth, R. Handfield and A. Das
257 A comparative study on the structural relationships of manufacturing practices, lead time and productivity in Japan and Korea
B.-H. Rho and Y.-M. Yu
271 Forecasting accuracy: comparing the relative effectiveness of practices between seven developed countries
J.G. Wacker and L.G. Sprague
291 An investigation of the relationship between global manufacturing practices and outcomes in machine tools and textile industries
S.N. Kadipasaoglu, S.F. Hurley, J.L. Foote and B.M. Khumawala
301 Calls for papers
305 Editorial philosophy
307 Guide for authors

Volume 16, No. 4, July 1998

Special Issue: THEORY-DRIVEN EMPIRICAL RESEARCH

Edited by Steven A. Melnyk and Robert B. Handfield, Michigan State University

311 Preface
321 The scientific theory-building process: a primer using the case of TQM
R.B. Handfield and S.A. Melnyk
341 Relationships between theory-driven empirical research in operations management and other disciplines
S.D. Amundson
361 A definition of theory: research guidelines for different theory-building research methods in operations management
J.G. Wacker
387 The empirical assessment of construct validity
S.W. O'Leary-Kelly and R.J. Vokurka
407 An assessment of survey research in POM: from constructs to theory
M.K. Malhotra and V. Grover
427 Configurations in manufacturing strategy: a review and directions for future research
C. Bozarth and C. McDermott
441 Building operations management theory through case and field research
J. Meredith
455 Iterative triangulation: a theory development process using existing case studies
M.W. Lewis
471 Innovation implementation in high technology manufacturing: A chaos-theoretic empirical analysis
S. Jayanthi and K.K. Sinha

495 Linking the customer contact model to service quality
A.C. Soteriou and R.B. Chase
509 Editorial philosophy
511 Guide for authors

Volume 16, No. 5, October 1998

515 A population of learners: A new way to measure organizational learning
M. Uzumeri and D. Nembhard
529 Validation of the Arizona Governor's Quality Award criteria: a test of the Baldrige criteria
G.P. Pannirselvam, S.P. Siferd and W.A. Ruch
551 Inventory buffers in recoverable manufacturing
V.D.R. Guide Jr. and R. Srivastava

Technical note
569 Determination of an optimal set of design requirements using house of quality
T. Park and K.-J. Kim

Tutorial
583 Service quality: a tutorial
J. Harvey

599 Editorial philosophy
601 Guide for authors
605 Author index of Volume 16
609 Cumulative contents of Volume 16
